- First global biopharmaceutical company with a presence in Canada to be certified by Women in Governance

LAVAL, QC, Sept. 26, 2019 /CNW Telbec/ - Sanofi Canada is pleased to announce that the company has reached a great milestone: our first Parity Certification from the Women in Governance organization. This certification means that Sanofi Canada has taken its place among notable Canadian companies that strive towards gender parity.

"Being the first global biopharmaceutical company with a presence in Canada to achieve this certification is very meaningful to our entire team, and we are proud to add it to our list of accomplishments in this country," says Michael Mullette, President and CEO of Sanofi Canada. "Gender parity is a key part of Sanofi's core values, and our ongoing commitment to inclusion and diversity in the workplace."

Inclusion and diversity are foundational to how Sanofi operates. We recognize the benefits in the workplace, and strive to foster an environment where differences can thrive and be leveraged to empower the lives of patients.

"This certification is a recognition of our hard work and determination towards gender parity and will continue to be a source of motivation for the Sanofi team," says Marie-Pierre Lalande, Head of Sanofi Canada Human Resources. "We will continue to support and empower every member of our organization to embrace an inclusive culture across the country."

Women in Governance is a not-for-profit organization founded to empower women in their roles as employees and leaders in their quest towards excellence. Their objective is to close the gender gap in the workplace and achieve parity at every level and department of an organization. More information is available at www.womeningovernance.org.
