

Sanofi Canada Lends Support in the Fight to Eradicate Tuberculosis in Canada

For Canadian media only

Laval, Quebec - Sanofi Canada is proud to support the health and well-being of Canadians. In collaboration with Health Canada, we are bringing life-saving treatment to help fight and eradicate tuberculosis in certain Indigenous and immigrant populations.

“Sanofi is committed to working with healthcare partners and this is an example of our determination to help provide access to life-saving treatment where there is an urgent public health need,” said Paul-François Cossa, General Manager – General Medicines and Established Products, Sanofi Canada.

About Sanofi

Sanofi is dedicated to supporting people through their health challenges. We are a global biopharmaceutical company focused on human health. We prevent illness with vaccines, provide innovative treatments to fight pain and ease suffering. We stand by the few who suffer from rare diseases and the millions with long-term chronic conditions.

With more than 100,000 people in 100 countries, Sanofi is transforming scientific innovation into healthcare solutions around the globe.

Sanofi entities in Canada employ more than 2,000 people. In 2017, we invested \$131.4 million in R&D in Canada, creating jobs, business and opportunity throughout the country.
